

## European Energy Markets Analyst / Senior Analyst (m/f/x)

**enervis** is a leading Berlin-based consulting firm specialising in the European energy industry. We support companies in strategic investment decisions and shape the energy policy debate. enervis is expanding its European consulting team and is looking for an Analyst / Senior Analyst.

### Your tasks

- Analysis of energy markets: policy/regulatory/economic energy market frameworks, RES tenders, investment opportunities for market players.
- Work closely with our modelling and consulting teams, structuring economic problems into quantifiable analyses and deriving insights from the results of our energy market models.
- Contribute to the development of our European power market model.
- Valuation of renewable and conventional generation and storage assets and PPAs.
- Communication and presentation of results in workshops and at conferences.

### Your profile

- At least 1 to 4 years of experience at a consultancy, energy company, market intelligence company, research institute or other energy-related firm or institution.
- Energy economic know-how, familiarity with wholesale power markets.
- University degree with above-average grades.
- Fluent communication skills in English – German or additional EU language is a strong plus.
- Professional use of MS Office software, particularly Excel and PowerPoint.
- Previous experience with Matlab, Python and/or SQL would be a plus but not mandatory.
- Analytical and conceptual skills.
- Teamwork and communication skills.

### Our offer

- Our various consulting projects offer you the perfect opportunity to enter the market as an Analyst/Senior Analyst and help shape the energy transition in Europe and beyond.
- With enervis, you will quickly gain an overview of the relevant energy market issues while specialising and developing your skills.
- You will work in interdisciplinary teams in an open atmosphere with flat hierarchies in one of the most beautiful offices in Berlin.
- As a remote-friendly company, we encourage our employees to determine a fair balance between office and remote work individually.
- Company pension plan with above-average employer allowance.
- Generous vacation policy and attractive company fitness offer.
- Catering is also provided: fruit, snacks and drinks are available.

We are looking forward to receiving your application (including your salary expectations) in PDF format to:
