

6 Month Business Analyst Internship, Mandarin Speaker (CASBC2401)

PLEASE READ CAREFULLY BEFORE CONTINUING.

European Student Placement Agency, Ltd (ESPA UK) is a recruitment agency whose goal is to find high quality internships for European students in the UK. We work closely with our host companies to ensure the positions provide the candidates with a great experience, both professional and personal.

REQUIREMENTS: ESPA vacancies are open to all EU passport holders able to travel to the UK for an educational work placement, without the need for visa documents. You have to be a registered student and/or have Erasmus+ status to be eligible for our internships. Any student who is unsure of their situation should check with their university before applying. Non-EU students can also apply if they are studying in the EU and can get an Erasmus+ grant/status for the entire length of the internship.

BENEFITS: All ESPA's services are **free** for students and alumni. The benefits are:

- 1) Paid Accommodation.
- 2) Paid Utility Bills (electricity, gas, water and council tax) + Internet Access
- 3) Commuter travel to work.

This will be sourced and managed on your behalf by ESPA. **These benefits have an approximate value of 1000€-1200€ per month (depending on location).**

There is no salary over and above the benefits offered, unless specifically stated.

The Host Company

There is a significant opportunity to **join a step out innovation and venture team** within a major corporation, operating in the field of **automotive and industrial lubricants**.

The innoVentures team is looking for interns, who will be **part of an innovative team**, which has been running successfully for over four years building up several emerging businesses as well as an investment portfolio covering automotive and industrial sectors.

With their investments, they bring their supply chain relationships, global industry networks and extensive engineering resources to really help push great ideas through to businesses and consumers.

Role

The team is looking for **strong Business Analysts** to evaluate the Chinese market and competitors.

They will **cooperate in linking the current digital capacity of the Innovation Incubator department** to the overall business objectives, as well as **analysing information related to growth trends and models** followed by big corporations.

The selected interns will support the team in preparing and conducting internal and external analysis. They will present the results and transfer the acquired knowledge to senior team members and internal project managers.

The ideal candidates will have a good understanding of global business strategies and be ready to quickly adapt to changing dynamics and situations.

Location

London.

Languages

Fluent in written and spoken English (C1 min), fluent in Mandarin or other major Chinese language.

Start date

March 2017.

Duration

6 months.

Tasks

- Investigate the corporation's activities and digital models.
- Help document, design and maintain digital strategies.
- Use IT resources at an advanced level to analyse data.
- Investigate big corporations' activities and growth models.
- Transfer the acquired knowledge to stakeholders and project managers.
- Provide data-driven strategy and optimization recommendations in support of organization goals.

Personal Skills

Essential:

- Degree in **Business/Systems Analysis, Quality Assurance**, or related fields.
- Proven **analytics background**, and **drive for data accuracy**.
- High level of **business acumen, maths ability and IT skills**.
- **Hands-on experience with Excel and other data analysis tools**.
- Good organisation skills and the ability to work in teams.
- Adaptive to change and can respond quickly and positively to revised scope and direction of activities.
- "Can-do" attitude.
- Demonstrate high level of energy, drive, enthusiasm and commitment.

Desirable:

- Willingness to be part of a progressive group of like-minded individuals searching for new ideas and developing new business models.
- Have a track record of successful teamwork with ability to work cross functionally.
- Passion for entrepreneurial environment.

How to apply
